VIRGINIUS GUANO!

(Registered in Virginia)
IMPORTED AND MANIPULATED BY

POWELL, MORSE

Hoffman's wharf, Accomac Co., Va.

This Guano is rich in Ammonia Phosphoric acid, commonly called plant food, and Potash; and is especially adapted to the growth of

Peas, Onions, Irish and Sweet Potatoes

and all other truck requiring a large amount of ammonia to force them to early maturity. When used on Corn. the farmers say that the extra fodder will about pay the cost of the Guano to say nothing of the gain in the quantity and quality of the ears. It has stood the severest practical tests in this and adjoining counties for the past two seasons by the side of Peruvian Guano and other high grade fertilizers, notwithstanding the drouth of last season, it gave wonderful satisfaction in almost every intance, as the following testimonials from men of known standing will show.

Hoffman's Wharf, Accomack County, Va., Oct. 27.

Powell. Morse & Co.

Gentlemen—I used your Virginius Guano the past seasons and I take pleasure in recommending it to farmers. I used it on peas and sweet potatoes. On peas I put it side by side of Peruvian and they were picked at same time as those that had Peruvian under them, but those raised from Virginius, were better filled, the vines did not burn as quick and could get one more picking from them after the other were dried up. I consider it just the thing for the above crop.

The potatoes I raised were as fine as any I ever saw, and the yield was increased very much. Shall use it again next season.

R. R. HUTCHISON.

Messrs. Powell, Morse & Co.
Gentlemen—I wish to inform you that I gave your Virginius Guano a fair
trial the past season, side by side with Peruvian Guano, both on round and sweet
potatoes, and I can assure you that I will hereafter use nothing but your fertilizer,
if it can be had. It holds better in dry weather than Peruvian Guano.

sweet potatoes, was a very profitable one. It gave me more satisfaction than any other fertilizer used. I have to regret not using it more extensively which, with your permission, I shall endeavor this year. Yours respectfully, J. E. Mapp Willow Cottage, Va, Dec,10, 1884.

Dear Sirs—My experience with the Virginius Guano last year, especially on

Read's wharf, Northampton Co., Va., Dec,24, 1884.

Messrs. Powell. Morse & Co.

Gentlemen-We are glad to have a chance'to recommend what we consider the best Guano now on this market, as far as we have tested it. We have used your Virginius Guano this year on new sweet potato land, and the result was very satisfactory. We regard it as being equal to Peruvian Guano, and better than any Phosphate we ever used, and we tried two other brands this year. We want to use Virginius the coming season

George H. Read

Locustville, Accomac Co, Va, Dec, 28, 1884.

Gentlemen — I have used your Virginus Guano on Sweet Potaces, and think it the best fertilizer I ever used on that crop. I consider it better tham Peruvian Guano, as it did better for me. I expect to use it next year. W Fisher Mears.
